

GIVE REASONS FOR VOLUNTEERING TO BECOME DIRECTORS

Personnel of Newly-Created School Board Is Interviewed

TO AID IN CRISIS

Five Who Will Serve Are Approved by Court, It Was Announced Yesterday

HULMEVILLE, Dec. 11—Prompted by a desire to aid in this borough's school district crisis, five public-spirited residents have agreed to serve upon the school board and to endeavor to rehabilitate the district's financial affairs.

During the interim, since the former school board resigned en masse, the affairs of the district have been managed from the office of Charles H. Boehm, Bucks county superintendent of schools.

Yesterday the personnel of the newly-created board was announced as having been confirmed by the Bucks county court.

The new board consists of one woman and four men. Interviewed concerning their new positions the five gave their reasons for volunteering their services.

Edward M. Linforth, Green street, stated in approaching the position, that although he had never previously served as a school director, he comes "from a long academic background." He adds that he has been interested in problems of education for a long time, "and having three children who will be going through the Hulmeville school, I am more or less selfishly interested." Mr. Linforth who agreed to permit his name to be submitted to the courts for approval as a director, taught at Sweetbriar College, Virginia, for eight years, instructing in art and architecture. When queried as to whether the financial problem in the district can readily be righted, Mr. Linforth commented, "That's the \$64 question. But I am certain it can be with the cooperation of the people in the community who should be concerned with the problem, and it should be possible to gain their complete cooperation."

Dr. N. P. Larson, Lincoln avenue, answered the query as to his reason for agreeing to serve on the board thus: "Only the fact that I'm interested in young people, and want to help them all I can. My interest lies in young people. After all, I'm the father of three boys." For most of the calendar year 1945, Dr. Larson served as a director at Hulmeville, he filling in the unexpired term of the Rev. Albert W. Eastburn, who moved from the community that year. Regarding the financial problem, Dr. Larson added, "That might not be so easy, but I'm sure there is a solution." He is of the opinion that the five members are to await a meeting call from Bucks Co. superintendent of schools Charles H. Boehm.

That the situation "seemed to need help" was what prompted Mrs. Willard Bartoe, Ford avenue, to accept the post. Mrs. Bartoe, a housewife, and mother of four, has not had previous experience as a director, but taught at a consolidated high school at Pickerington, O. Queried as to whether she feels the financial situation can be solved she replied "The problem will have to be solved."

A SUMMARY OF THE NEWS

The House Committee on Un-American Activities received assurances yesterday from the nephew of Mrs. Whitaker Chambers that the microfilms of Government documents recently found hidden in a pumpkin on the Chambers farm had been secreted for ten years in his Brooklyn home. The nephew declared that no one had touched them during that time. During the day Mr. Chambers resigned as a senior editor of the magazine Time. He explained that his disclosures on espionage had made his resignation and its acceptance "imperative."

Virtually all China under the control of Nanking, with the exception of several remote provinces, was put under martial law. A house-to-house search for "Communist" agents was begun in Nanking. On the fighting front south of Su-chow trapped Nationalist forces were still trying to break through the Communist encirclement.

President Truman was said to have listened "sympathetically" to Mme. Chiang Kai-shek during a tea conference as the wife of the head of the Chinese Government described China's plight and the urgent need for American aid.

PENNDREL PLANS TO MARK ANNIVERSARY

Borough Will Be 50 Years Old in June, Records Show

TO DEDICATE FIELD

PENNDREL, Dec. 11 — Residents here are looking forward to the observance of the borough's golden jubilee which will take place next year. June, 1949, will mark the 50th anniversary of the incorporation of the borough, and Associated Business Men of Pennadel are already outlining tentative plans for a suitable celebration.

One of the highlights, it is planned, will be dedication of the recreation field. The committee from the business men's group, which will function with other representatives in the borough, is composed of: Ernst Heilmann, chairman; Albert Weinrich and Robert Hutchinson.

Christmas music is to be heard throughout the borough during the Yule season, due to efforts of the business men. This will be amplified during the week previous to December 25th. Members, who had considered holiday lighting for the streets, reported at the meeting this week, that the cost is prohibitive.

Motorists "Jam" Traffic Lanes At Parking Lot

Trouble has been experienced at the municipal parking lot due to motorists parking their cars in the traffic lanes and thus blocking access to the parking areas.

Wednesday evening the entrance to the parking areas was blocked by motorists who drove their cars to the foot of the Pond st. hill and then parked in the traffic lanes leading to the parking areas. This kept motorists out of two of the three parking areas. Entrances at Wood and Cedar sts., were also partially blocked.

Police were stationed at the lot on Thursday evening but one motorist was there ahead of them and left his car there the entire evening. Police had to be assigned again last evening. If motorists park in an orderly manner 500 cars can be accommodated. Last evening over 300 cars were parked without crowding.

Motorists are asked not to park in the traffic lanes but to leave them free so that motorists can have free access to the parking areas. There will then be ample parking space for all who desire to use the lot.

Sellersville Water Supply Reported Dangerously Low

SELLERSVILLE, Dec. 11 — Sellersville councilmen were informed that the borough's water supply is dangerously low at the monthly reading on Tuesday. The latest reading at the catch basin, taken a few hours before the meeting, showed the water seventy-one inches below overflow.

William Walters, in charge of the water supply station, said the situation has been serious since August, and that recent rains have not added to the supply.

He reported the completion of the mains on Ninth street at a cost of approximately \$9,000, which is about \$1,000 less than councilmen anticipated.

Council discussed the possibility of adding a new well but took no action. The members decided to warn residents to use water sparingly during the emergency.

If necessary, Sellersville can obtain water from Perkasie through a valve located near the joint high school. This action, however, was not deemed necessary at this time.

Today's Quiet Moment

By the Rev. William E. Hakes
First Baptist Church

Jesus said, "I am the resurrection and the life" (John 11:25). He spoke these assuring words in front of a tomb where a close friend had laid dead for four days. But death is no problem for the Lord Jesus. For He is the Lord and Master of all life, physical and spiritual. It is not enough to know that Jesus did perform a miracle at Bethany when Lazarus came from the dead. Not enough to know that He broke the bands of death Himself and came forth on the first Easter morn to live forever. Jesus said that same day, "Believe that this?" Do you believe there is a Savior who can save, keep and satisfy every longing of your heart? Jesus is that Savior?

Dr. Strouse agrees that "The problem (financial) will have to be solved." Edward Black, Washington avenue, who served on the local board for two years, was a member of the board when the mass resignation took place. "I don't feel that the financial problem can be solved without help from the state, or a reassessment and raising of taxes. Thirty-five mills (the current school tax rate) is as high as we can go. Every possible cent of tax in the town is being collected."

Morrisville Wins Over Southampton

SOUTHAMPTON, Dec. 11—Morrisville High's court forces posted their second triumph in three starts by outclassing an under-manned Southampton High quintet, 46-35, here tonight in a Lower Bucks County League tussle.

Morrisville's jayvees made it an all-winning night for Bulldog adherents by taming the Southampton seconds, 30-21. Ed Henley and Paul Sullivan, a pair of forwards, led the Junior Bulldogs with 12 and 7 points respectively.

JUNIOR HIGH TEAM SWAMPS BORDENTOWN

With "Al" Spadacino getting 14 points, the Bristol High Junior Varsity team registered a victory in its opening game last night as it swamped the Bordentown J. V.'s, 37-24.

Spadacino was the spark-plug which started the McClistermen to victory. The first eight man made by the Junior Warriors was scored by the high-scoring forward.

The local Jayvees had an 18-10 half-time lead and this margin was kept by the shooting of "Richie" Pachino and "Al" De Risi in the third quarter. Only the shooting of Joe Weaver enabled Bordentown to stay in scoring range and prevent the game from becoming a rout.

In the final quarter, Spadacino again began to cut the cords and widened the Bristol margin of triumph.

Bob Lamson and Weaver did the best work for the losers.

To Speed Up Xmas Mail Delivery Here

Regular substitute employees have been working extra hours at the post office, and on Monday the first group of extra clerks and carriers will go on duty. In all, by Christmas, there will be from 30 to 35 extra employees who will serve as clerks and carriers, according to the postmaster. The extra carrier service will be for Bristol borough only, it is stated, as the rural carriers care for their own assistants.

"Some Christmas cards are coming in, but not as heavily as they should be," commented Mr. Duffy. "In fact they are slower than last year. We would like the public to mail the cards at once to prevent delays."

WARRIORS RALLY IN LAST 5 MINUTES TO WIN OPENER

Although given a big scare, Bristol rallied in the last five minutes of the game to beat Bordentown High, 38-28, last night in the season's opener before a large crowd on the high school court.

Bristol led from the second quarter until the end of the contest but a spurt by the Jersey team in the final session almost ruined the night for the Bristol players. The Bordentown team shaved six points from a 27-20 lead and were trailing by one point until Bristol's defense tightened and the visitors scored but two fouls towards the end of the tilt.

Bordentown had difficulty in penetrating the zone defense set up by Coach Jerry Bloom's proteges. Failing in their attempts to dent the defense, the Jersey team resorted to long shots and Don Reinhart gave a brilliant exhibition of long range shooting by getting set and dumping in four field goals from near the half-way mark of the court.

"The localites were led by 'Jimmy' Sottile, appointed captain of the evening. Sottile made seven double-deckers and dropped in four of his eight liberty shots to chalk up 18 counters for the evening. 'Ham' Konefal sank in five two-pointers for 10 points while both 'Jimmy' Marshall and 'Val' Bielecki stood out on the defense. Frank Rich and Don DeLong shared the center playing while Joe Pindar replaced Sottile when the latter fouled out with 55 seconds remaining to be played.

It was Sottile who put Bristol in the lead in the last minute of the first quarter and it was he who scored twice in fast order in the second period and passed to a third two-pointer to put Bristol 7 points to the good. When Bordentown was within one point to deadlocking the score in the last quarter, Sottile put in two fouls and followed with a fielder to clinch the contest.

"Val" Bielecki scored the first field goal of the season for the localites when he put them in front on a pass from DeLong. But Flurer stood on the side lines and scored to even the count, 2-2. Konefal picked the speige off the floor to score a fielder and Bristol again went ahead by a 4-2 count. On a tap-in off the board, Francis stalemated the score and a two-pointer by Reinhart put the Jersey team ahead, 6-4. A foul conversion by Marshall cut the lead to one point and a "jump-shot" by Sottile enabled the Warriors to take the edge, 7-6, at the quarter.

After DeLong missed a foul, Sottile scored under the net. A Bordentown fumble was picked up by the Bristol forward and he dribbled the length of the floor to put Bristol in front, 11-6. On a pass from Sottile, Konefal counted to give Bristol two more. Greenburg's shot from the side gave Bordentown a pair but a beautiful one-handed shot by Konefal made the count, 15-8. This was increased to 17-8 by Sottile's field goal, and before the half was over, Greenburg and Bielecki converted foul tries to bring the score to read:

situation, which was described as anything but good.

Council was informed by the water superintendent that the water level at the reservoir, north of the borough, is 71 inches below the overflow, the lowest level it has been for some time. Usually at this time of the year, it was said, the level rises, but the absence of heavy rains during the fall failed to increase the water supply to any extent.

Grand View Hospital, it has been said, will not be affected because it has its own water supply, and in case of fire in the borough, some water could be procured from Branch creek, which flows through the southern section of the town.

All Council can do, it was said, is to hope for rain, and to continue to urge the consumers to conserve on water.
